

## DON'T WANT BARTON.

Provo's Protest Against an Alleged Candidate for the Chief Justiceship.

Organization of a Bar Association—Herald, the Official First Chief Justice in His Resignation.

PROVO, March 16.—There is no more delusion shown by the bar association in their dealings with Judge Blackburn, they now openly declare their opposition against his longer retention as judge of the first judicial district. In Provo as will be seen from the report of their meeting held last evening:

At a meeting of the members of the bar of the district last evening a permanent bar association was formed under the name of the Bar Association of Provo city. A constitution and by-laws were adopted and John H. Miller elected president, E. P. Dunlap vice-president and T. A. Wedgwood treasurer and secretary for the ensuing year.

The following resolutions were adopted: That the appointment of Jesse H. Barton as chief justice of the district is a disgrace to the profession and to the state and that the members of the bar of the district do hereby protest against the appointment of Mr. Barton to any judicial position in Utah territory.

It being reported to the meeting that Judge Blackburn had said that he would not tender his resignation, the members of the bar association, after a short time, decided to write to the attorney-general telling him that his term would expire in February next, and that he would like to serve out his term as judge, but that if he desired his resignation for the good of the service or for political reasons, that the members of the bar association were ready at any time, and that if the bar wanted to prefer charges against him to cause his immediate removal, he would fight them. The resolutions were adopted and were published yesterday in THE HERALD.

The next meeting of the association is to be on Saturday night of this week, at which meeting the committee is expected to report.

E. A. WEDGWOOD, Secretary.

THE PROTEST AGAINST BARTON.

The following telegram was sent today:

Provo, Utah Territory, March 16, 1893.

Hon. Richard Olney, Attorney-General of the United States, Washington, D. C.

At a meeting of the Bar Association of Provo city, Utah, on March 16, a resolution was adopted earnestly protesting against the appointment of Jesse H. Barton to any judicial position in Utah Territory.

E. A. WEDGWOOD, Secretary.

ST. PATRICK'S FESTIVITIES.

St. Patrick's day is to be celebrated with considerable gusto in Provo, especially by the drum corps boys, who will be joined by a contingent of drummers and fifers from Nephi and other points.

At the Southworth hall a ball will be given by them, which promises to be an immense affair. Already the decorations have been put in the hall, which has a splendid appearance.

BURIED BY THE T. O. O. F.

Funeral services were held yesterday over the remains of C. F. Belcher, who died at the insane asylum yesterday. He was buried by the T. O. O. F. and was accompanied to the grave by a large number of that order, together with a brass band. A brother of the deceased who is employed at Z. C. M. I. in Salt Lake city, was the principal mourner.

Mr. Belcher's home is in Huntington, W. Va., where he belonged to lodge No. 116.

"A Turkish Bath," our next theatrical attraction, is being extensively advertised. The flashy farce comedy usually catches the Provo theatre goers, and this is one of that kind with a vengeance.

BINFORD RESIGNS.

Ogden's Fire Chief Demands an Investigation of His Incompetency.

OGDEN, March 16.—Chief William Binford of the fire department has handed in his resignation and demanded a full investigation of his conduct during the Trust building fire. This latter demand seems very strange to the public, as no charge but general incompetency has ever been made against him and that seems to need no investigation. Mayor Landy will look into the matter at once.

At a special meeting of the city council held tonight, it was decided to advertise for bids for the paving of Twenty-fifth street, from the Union depot to Washington avenue, with Utah sandstone on the sides of the street and in the center with asphaltum.

The Union Mining and Smelting company, which is to erect a \$100,000 smelter in this city, was granted an extension of time on the contract signed with the city, until April 10 to begin work on the plant.

Ordinarily a man wastes too much time hunting something to find fault with.
